

Item 4a/b - Police Report for May 24

Hello Louise

Please find below our police report for May 2024. Unfortunately we don't have anyone on lates able to attend your next parish council meeting, but as always if there is anything of note please let us know.

If you could let us know your priorities for July – September please. Your current priorities are: Burglary, ASB and Vehicle Crime

There are no crimes of note to report for Blakedown and Churchill, although I would like to bring to your attention the below.

We have had reports of a theft of 3 sheep from a field at Yieldingtree, Broome. The theft took place sometime on 18th May. The sheep were last counted in the morning but by midnight 3 male sheep had been stolen.

AOB

We are still seizing e-scooters where seen. Across wyre forest we are still experiencing Op Prospero situations (where thieves prey on victims pretending to be police to get their personal and bank details. We continue to have car key burglaries where properties are being broken into in order to obtain keys for vehicles on driveways etc. These are usually for the more high end cars, such as BMW, Mercedes, Range Rover and Sports versions of other makes. We suggest removing all valuable items from vehicles, and using steering locks and fitting devices such as "ghost" where possible.

Thank You

Regards Kate
